

# RIZA G. RAMOS, PhD

SUPERVISING SCIENCE RESEARCH SPECIALIST

## RESEARCH INTERESTS

- Nutritional quality assessment of Philippine rice (folate, and other secondary metabolites)
- Factors influencing food intake & nutritional status of rice-based farm households
- Quality assessment of iron & zinc-dense rice materials

## FEATURED PUBLICATIONS

Riza G Abilgos-Ramos, Rosaly V Manaois, Amelia V Morales, Henry F Mamucod. 2015. Quality characteristics & consumer acceptability of bread supplemented with chili pepper (*Capsicum* sp.) leaves. *Food Science & Technology Research* vol 21(1):117-123.

Rosaly Manaois, Amelia Morales & Riza G. Abilgos-Ramos. 2013. Acceptability, Shelf Life & nutritional Quality of Moringa-Supplemented Rice Crackers. *The Philippine Journal of Crop Science* volume 38(2): 1 - 8

Riza is a Distinguished Alumna Awardee of the UPLB in 2014 and a recipient of the Alumni Award of the International Fellowship Program (IFP) of the Institute of International Education (IIE) for 2015-2016. She obtained her PhD in Plant & Analytical Biosciences (multidisciplinary) from the University of Nottingham in the United Kingdom through Ford Foundation International Fellowships Program. She took her BSc in Nutrition & MSc in Applied Nutrition minor in Food Science from UPLB. She is the head of the Rice Chemistry & Food Science Division of PhilRice.
